EXAMINER'S COMMENTS

Response to Arguments

1. Applicant's arguments discussed in the telephonic interview on 2/21/2005 have been fully considered and are persuasive.

Examiner's Amendment

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Matthias Abrell on February 21, 2005.

3. The application has been amended as follows:
 - a. In claim 1 line 16, the phrase "first groove" has been replaced with the phrase
- - first circumferential groove - -.
 - b. In claim 13 line 6, the phrase "into a groove" has been replaced with the phrase
- - into a circumferential groove - -.

Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance: the prior art could not alone or in combination anticipate or make obvious a method or apparatus for attaching drinking straws to beverage containers including a feeder device for pressing a straw to a beverage container, the feeder device having a circumferential groove at the height position corresponding to a glue layer for attaching the straw.

The most pertinent prior art, KRAFT ET AL, shows axial grooves, but not a circumferential groove on the feeder device.

Japanese Pub. 07-205941 and EP 0 085 895 disclose apparatus' for attaching straws to beverage containers including feeder devices, the feeder devices including circumferential grooves. Those circumferential grooves are not, however, positioned at the same height as a glue layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
